Automatic rubber sheet making machine

View: 19,176 products found from 1,009 Automatic Rubber Sheeting Machine Product Code : 101 Brand Name : Sabin Price and quantity Minimum Order Quantity 1 Piece Price 00 USD (Automatic Rubber Leaf Machine:-This is a successor to our 1999 model. There are four models from a speed of 150 sheets per hour to 900 sheets per hour. Extremely compact machine.makes large, beautiful, thin sheets. Sheets made with this machine dry quickly in the smokehouse.requires very little maintenance.95% of the components that go to make this machine are corrosion resistant. Consumes very little electricity. Description Single groove (Lower speed) Single groove (Low speed) Single groove (Normalspeed) Single groove (High Speed) Motor HP 1/2 1 1.5 Motor phase 1 ph 1 ph 1 ph / 3 ph Roll width 610 mm 610 mm 610 mm No. of roller sets 4 pairs 4 pairs 4 pairs Achievable speed 150 sheets / Hst 400 Sheet / H00 sheet/H 900 sheets/H 900 sheets/H 900 sheets/H Trade Information Supply Ability 1 piece per week Delivery time 4 - 5 weeks Packaging details Export worthy packaging Rubber sheet/Rubber plate making MachineUS 0.45 - 2.00 / Tonne30 tons(Min Order)9YRSQingdao Bothwin Bothwin Ltd.: HS-03 Character: Width : 1.6m Length : Any length Thickness : From 3mm to 6mm Standard Color : Black, Green, Red HardnessShore A 45-85 Tensile Strength2mpa Elongation: 180% Images : Proudct Name: Checker Rubber Plate Item No: HS-04 Character: Width: 1.6m Length: Any Length Thickness: From 3mm to 6mm Standard Color : Black, Green, Red HardnessShore A 45-85 Tensile Strength2mpa Elongation: 180% Images: Proudct Name : Fine Ribbed Rubber Plate Item No. : HS-05 Character: Width: 1.6m Length : Any Length Thickness : From 3mm to 6mm Standard Color : Black, Green, Red HardnessShore A 45-85 Tensile Strength2mpa Elongation: 180% Images: Proudct Name : Silicone Rubber Plate Item No. The automatic rubber plate machine was developed with the intention of providing a superior product compared to our previous models of our sheet metal batteries and mini batteries. Description Single groove (Lower speed) Single groove (Low speed) Single groove (Normal speed) Single groove (High Speed) Motor HP 1/2 1 1.5 Motor phase 1 ph/ 3 ph 1 ph 1 ph/ 3 ph 1 ph / 3 ph Roll width 610 mm 610 mm 610 mm 610 mm No. of roller sets 4 pairs 4 pairs 4 pairs Attainable speed 150 sheets / Hst 400 sheets / Hst 600 sheets / Hst 900 sheets / H/ H 900 sheets / H/ H 900 sheets / Hour Automatic rubber leaf machine was designed and developed with the intention of giving a superior product compared to our previous models of our leaf batteries and mini batteries. The advantages of our new machine over our previous models are listed below:- This will require relatively minimal maintenance. 90% of the components used do not corrode easily. They are made of stainless Aluminium or cast iron. It's compact. It's faster. Better leaves can be made to improve their appearance. The leaves dry faster in the smokehouse. After all, this machine is cheaper than the previous models, Plastic Sheet Manufacturing Machine/Mini Sheet Extruder MachineUS 18500 / Set1 Set(Min Order)7YRSuzhou ACC Machine Co., Ltd.Multi-layer Co-Extruding Sheet &Plate is widely used in food packaging, beverage containers, jelly, cosmetics and others at home with products. Technology and Service: 1. Sellers deliver complete set of technical document, cutter and other complete document (write in English) for the extrusion machine. 3. The seller is responsible for the installation, testing, adaptation and debugging of the machines in the buyer's factory. Factory.
